- Arrange local activities and excursions

WELCOME TO PROFESSIONALLY PLANNED GROUP EXPERIENCES

Welcome to KaliKosmos

Groups can form around common activities and interests, family reunions, educational experiences, religious events, and more. With KaliKosmos Travel working for you, you can recruit participants knowing every detail has been thought through.

Whether you utilize our Research Retainer or come with the exact itinerary you'd like reserved, KaliKosmos Travel will take care of you.

The required number of participants needed for a group varies by supplier. Groups require all passenger travel together on the same itinerary. Groups have one leader in charge of decisions and make payments with one form of payment. When multiple forms of payment are needed, additional costs will be added to the group contract. Informational and Bon Voyage meetings may be hosted virtually in some cases. Itinerary Management Service pricing is based on the use of travel service suppliers from the Travel Leaders Network Preferred Supplier List. When reservations calls for the use of travel service suppliers outside the Preferred Supplier List, a non-refundable 12% fee based on the total reservation cost will also be charged. All fees are non-refundable, non-transferable, and will not apply to the cost of the travel services selected. All services are subject to availability and may not be possible in all locations or for all types of travel. Concierge Request Service charges are applied when research on the requested item begins. A "single booking contact" is a single phone call or email in which one or more items can be confirmed at one time. Agency modification, cancellation, and refund fees apply to all reservations after initial payments are applied and are in addition to any fees assessed by the supplier. Charges will be processed through Travel Leaders/Leone Travel in Memphis, TN. Contact your advisor for details on additional terms and conditions. KaliKosmos Travel recommends all clients purchase travel insurance to cover their travel investment.
