FROM APRIL 2022 TO MAY 2023

Only the Original does it best

I'm sure you'll agree that now more than ever, it's time to get back to what really matters: Meeting with people, reconnecting with nature, and having authentic experiences. I am so pleased to be able to offer you exactly that on board the Original Norwegian Coastal Express.

These classic voyages are your pure and unfiltered escape to the charming everyday life of the Norwegian coast. You'll sail our traditional route, a genuine piece of living history that has faithfully connected the cities, towns, and villages of coastal Norway for almost 130 years.

We are proud to be a unique and iconic part of Norway's coastal culture, beloved by local Norwegians, generation after generation. Ours is a legacy and an experience that can never be copied.

The onboard atmosphere is informal, and the pace relaxed, allowing you to slow down, rest, recharge, and really have

time to take in every special moment of "The World's Most Beautiful Voyage."

The sight of magnificent fjords, majestic mountains, and perhaps even the magical Northern Lights are sure to soothe your soul, while interactions with friendly locals, crew, and other like-minded guests will do wonders to lift your spirits.

Know that your visit benefits each of the small coastal communities we visit in so many ways: from exciting optional excursions that bring you into the heart of the stunning landscapes to our sourcing of fresh ingredients from local artisans for your mouth-watering meals on board. Our voyages here are about harmony and synergy with the local communities, and with nature, too.

Our history and traditions call on us to explore in the most sustainable way possible. Our ships are equipped with

green technology for shore power, and we were the first cruise line to ban single-use plastics. We are committed to continued innovation in green technology and greener fuel to offer the greenest and most advanced voyages on Earth.

The Norwegian Coastal Express is an extraordinary experience like no other. Come with us for the full story of the Norwegian coast, with local foods, authentic behind-the-scenes culture, expert knowledge, and our unmatched heritage. We can't wait to share it all with you.

Welcome aboard!

LYNGSALP

—When you ask people what to see or do in Norway, they answer, “See the coast.” That’s where we come in.

Norway’s coastline is characterized by mountains, deep fjords, glaciers, and stunning rock formations. And Hurtigruten’s Original Norwegian Coastal Express is the iconic coastal voyage that has sailed the Norwegian coastline for over 128 years.

Nothing brings you closer to Norway’s coast—both physically and experientially—than sailing with us. With departures all year, our ships travel through

brehtaking scenery, calling on 34 ports—large cities, small towns, and secluded villages—some of which most vessels are unable to reach. On your journey, you’ll encounter the beating heart of Norway.

When you want an authentic Norwegian coastal experience, Hurtigruten is the only name to trust.

Get closer to nature and authentic daily life

Whichever season you choose to sail with us: during the springtime reawakening of the coast; over the long, sun-drenched days of summer; when the amazing palette of autumn colors glow; or for the soul-stirring spectacle of the Northern Lights in winter; our voyages offer an exhilarating way to get right up close to nature—and to authentic Norway.

At the smaller ports, guests love to head out on deck for a glimpse of daily life along the coast. As we dock, quiet quaysides suddenly come to life: Listen to friendly banter exchanged between dock workers; observe forklift trucks scuttle back and forth, loading and offloading supplies to the ship; and wave hello to friends and family of our crew. These are authentic moments that no other voyage along the Norwegian coast can recreate.

Witness the Northern Lights and Midnight Sun

The Northern Lights and the Midnight Sun feature highly on traveler's bucket lists—and Norway is one of the best places in the world to see both of these natural phenomena. In summer, Norway becomes the land of eternal daylight, with 24 hours of visible sun above the Arctic Circle. Not only are the long, leisurely sunsets a glorious sight, you also have more hours in the day for exploring. In winter, the Northern Lights, also known as the Aurora Borealis, dance in the Norwegian night sky. The best chance to see this magical light show is between October and March. Read about Hurtigruten's exclusive Northern Lights Promise on page 15.

Happy and active people

Norwegians are known for their active outdoor lifestyle, and we incorporate our love of nature and the outdoors into our day-to-day lives, a life philosophy known as *friluftsliv*. Perhaps being active in one of Europe's most beautiful countries helps Norway regularly rank highly in the annual World Happiness Report.

Discover a spectacular coastline

Norway's spectacular and beautiful coastline attracts many visitors each year. Words alone cannot capture its charm; you really need to see it for yourself. Norway's craggy coastline is 64,000 miles long, the second longest coastline in the world, and the longest in Europe. What makes it so remarkable is its variety, nature, and geology. The coastline features examples of the world's most beautiful fjords, islands, and snow-covered landscapes. Interspersed between the remote and rural treasure are some of Norway's finest cities, showcasing well-preserved architecture from the medieval, Gothic, and Art Nouveau periods.

Norway's Coastal Kitchen

Our chefs make full use of the 34 ports we visit to receive deliveries of fresh produce from local suppliers, both coastal and inland, each and every day. Enjoy three delicious meals a day made from the freshest ingredients.

Breakfast

Our breakfast buffet provides a wide selection of cold meats, cheeses, eggs, cereals, fruit, freshly baked bread and pastries. And you'll often find the chef cooking pancakes and waffles to order. Eat like a king to start off every day of your voyage.

Lunch

Lunch is an appetizing spread of hot and cold buffet items, featuring traditional regional dishes and other meat, fish, and vegetarian options. You'll find fresh bread, fruit and vegetables, local cheeses, and a choice of salads, cold cuts, and seafood, as well as tasty homemade Norwegian desserts.

Dinner

For your evening meal, our chefs present you with three-course dinners or lavish buffets. Being a coastal voyage, many ingredients come straight from the sea, such as pollock,

Arctic Char, and exotic delicacies such as langoustine, also known as the Norway lobster. You might also be served inland specialties like tender, juicy beef and seasonal vegetables. We also offer a fully vegan three-course dinner.

Guests may also choose from our wide selection of beverages, including wine, beer, aquavit, and soft drinks, to accompany their meal.

—Our onboard menu is inspired by ‘Norway’s Coastal Kitchen.’

Upgrade to our à la carte menu*

After a busy day of exploring, you may want to relax with something extra special for dinner, offered in a more private setting. We recommend trying our à la carte menu for an upscale culinary experience. Enjoy the very best of what our chefs have to offer, as they work with premium ingredients, including freshly caught Norwegian seafood like cod or king crab, sustainably cultivated root vegetables, and excellent cheeses. Pair your meal with a bottle from our list of specially selected fine wines.

A satisfying end to a perfect day!

A sustainable culinary journey

Hurtigruten aims to be sustainable in all areas of operation. When it comes to the food on board, our task is made easier since we sail through one of nature’s most fantastic ‘pantries.’

Our commitment to Norwegian food runs deep—and we want to share the very best local ingredients with our guests. Our chefs scour the country for small-scale farms and other suppliers who share our passion.

At 15 of our ports of call, deliveries of fresh seafood, dairy, vegetables, condiments, and more, are loaded directly on board our ships every day. This significantly reduces food miles and optimizes the use of port facilities.

Eating local foods not only enhances your travel and culinary experience, it generates jobs and goodwill in the local communities. It also brings you closer to the places we visit. Imagine sailing past meadows where goats are grazing, knowing those goats are the source of the cheese on your plate.

Through our Food Waste Project, we aim to reduce food waste by 20% by 2022. We embrace a holistic approach to creating delicious meals using local foods, while utilizing technologies that ensure your meals are truly sustainable.

Onboard cafés and bakeries

If you get hungry between meals, we offer a range of onboard refreshments. Try Hurtigruten’s signature burger or our shrimp sandwich at Brygga Bistro & Café**.

If you have a sweet tooth, then Multe Bakery is the place to go to enjoy freshly baked pastries, cakes, and local ice cream with homemade toppings, and a wide selection of coffees, organic local teas, hot chocolate, and soft drinks.

Hosts of the coast

What is the Coastal Expert Team?

The Coastal Expert Team members help bring the Norwegian experience to life. All our ships have a team of Coastal Experts on board, with a leader and team members who are knowledgeable about Norwegian nature, culture, and history. Along with the ship's hotel manager and service crew, they are your hosts on board.

Every day they offer lectures, onboard guiding, photo instruction

in cooperation with Canon Academy, and storytelling, and host evening gatherings.

Join the Coastal Expert Team on board

Learn more about Norway's history, culture, and wildlife as you sail. The Coastal Expert Team members enthusiastically share their knowledge and passion about a variety of subjects, including the biology, history, geology, culture, and science of Norway—presented in an entertaining, social, and

informal way. Join our onboard lectures, both inside and out on deck, as we pass points of interest and during evening gatherings.

The Coastal Expert Team are also Canon-certified and will deliver a photography program during the voyage that teaches you how to take better pictures as we sail through amazing landscapes.

The joy of *friluftsliv*

Norwegians are famous for their love of the outdoors. This is hardly surprising, given the country's beautiful nature. This love of nature and desire to be in nature is called *friluftsliv*. Norwegians relish this time to slow down the pace of

everyday life and focus on nature. You might even say it's part of the Norwegian DNA.

Because we are a Norwegian company, the philosophy of *friluftsliv* runs through all our activities. "*Ut på tur, aldri sur*" is a popular Norwegian

saying that is loosely translated as, "On a hike, you can never be crabby." We couldn't agree more!

EXPLORE ON LAND

Join the Coastal Expert Team on land

We want to show you what we love about Norway and hope you will experience a sense of *friluftsliv* on special activities with the Coastal Expert Team.

Join them for hikes ashore to see the best and most interesting spots and sites along the coast. These hikes are presold as a package or bookable individually on board. The focus will be on the hike itself—reaching a viewpoint, for example, or encountering an interesting sight.

We will be completely in the thrall of nature: be it forest, shoreline, or windswept mountain—no matter the weather. Sometimes the paths are icy, the wind is strong, and fog impairs the view, but the call of the wild, the joy of being outdoors, and especially feeling, smelling, and living in the moment will be the essential elements of your experience.

BERGEN - KIRKENES - BERGEN

HJØRUNDFJORD

—The Roundtrip Voyage, Hurtigruten’s signature journey, is described by *Lonely Planet* as “The World’s Most Beautiful Voyage”

The Roundtrip Voyage is the definitive way to see Norway. It sits in the hall of fame of iconic traveler routes alongside the Orient Express train journey. It’s not just the stunning fjords, mountains, and nature along Norway’s jaw-droppingly beautiful coastline that earns it this accolade. It’s a 2,500 nautical mile journey that takes you to the very heart of what it is to be Norwegian. You’ll see the country’s history and identity through the ages from the Vikings to the indigenous Sámi to the

present day—in the architecture, people, cultural experiences, and Norway’s distinctive landforms and nature. By the journey’s end, you’ll have experienced the heart and soul of coastal Norway, and will take home fond memories to last a lifetime. See the following pages to discover the highlights of the 7-day northbound and 6-day southbound journeys—with The Roundtrip Voyage, you get to experience it all!

MS Polarlys

MS Polarlys was refurbished in 2016 and now features a modern, Nordic-inspired interior. The vessel's name means 'polar light' in Norwegian, which is another word for the Northern Lights, nature's most amazing light show, where ribbons of color undulate amid the starry skies, caused by the sun's solar winds when they run into the Earth's atmosphere. In the winter, we pursue this natural phenomenon on every Hurtigruten voyage.

- Coastal Expert Team
- Nordic style, refurbished in 2016
- Two restaurants, Brygga bistro, Multe bakery, and Explorer lounge & bar
- Sauna and fitness room
- Sundek and two outdoor hot tubs

MS Nordlys

In 2019, we refurbished all cabins and suites and implemented a number of other upgrades throughout the ship. The name of the ship is the Norwegian word for the Northern Lights, and the art, décor, and colors used aboard the ship are inspired by this natural phenomenon. In the winter, we pursue nature's most amazing light show on every Hurtigruten voyage.

MS Richard With

MS Richard With was refurbished in 2018 to provide more comfort and even more superb views of the Norwegian coast. Beautiful art throughout the ship's interior adds contemporary elegance to the vessel's maritime ambience. The ship is named after Hurtigruten's founder, who established the Norwegian Coastal Express in 1893 and made a huge impact along the Norwegian coastline.

MS Kong Harald

MS Kong Harald was refurbished in 2016 and now features a modern, Arctic-inspired interior. The ship is named after Norway's King Harald V, who is an avid sailor and has represented Norway in sailing events at the Olympic Games three times. In 2015, he became the world's first reigning monarch to visit Antarctica, and in 2016, at the age of 78, he and his sailing team finished second in a World Championship in Canada.
